HOPE FOR CRIPPLES.

New York Physicians Say Persistent Treatment Will Cure.

New York, Oct. 23.—Parents whose children have been deformed as a result of attacks of infantile paralysis received encouragement Saturday from reports of physicians concerning the treatment of children crippled by the paralysis several years ago. One instance cited in a symposium on poliomyelitis at the New York Academy of Medicine Friday night was that of a child who was so paralyzed in 1894 that he could move only with the aid of a crutch and a leg brace. By persistent and intelligent co-operation of his parents and physicians, said Dr. Reginald H. Sayre, he has so far recovered that these aids are no longer necessary, and one leg is slightly shorter than the other.

"If we had said 20 years or so ago of that boy," said Dr. Sayre, "as some are prone to say to-day that nothing could be done for him, he would not now be a useful member of society. His parents were persistent and no matter how much he disliked it, he received the treatment prescribed for him."

LABOR IS FOR WILSON

American Federation of Labor Appeal Sent to All Officers

SPECIAL MEETINGS ARE RECOMMENDED

Gompers, O'Connell and Morrison as Committee Indorse Administration

Washington, D. C., Oct. 23.—Organized labor's first official appeal to its membership in behalf of President Wilson's re-election was made public Saturday at the American Federation of Labor headquarters. It is in the form of a circular letter to all officers of organized labor, calling on them to hold special meetings if necessary to consider the issues of the campaign, and see to it that wage earners go to the polls to protect their interests against "Wall street." The letter is signed by Samuel Gompers, president; James O'Connell, vice-president; and Frank Morrison, secretary, as the federation's labor representation committee, and it has been sent to the heads of all affiliated organizations.

"BIG DRIVE" FOR WILSON

Chicago, Oct. 23.—Senator Thomas J. Walsh, manager of the western Democratic campaign headquarters, announced Saturday that a "big drive" has been arranged for the last two weeks of the campaign in behalf of Wilson and Marshall in Illinois, Indiana, Michigan, Wisconsin and Minnesota. Every campaign orator of national reputation who is available will be sent into this territory.

A special train will carry William Jennings Bryan on a two days' tour of Illinois, beginning Friday, and Mr. Bryan will lead the fight in Wisconsin. Martin H. Glynn, Dudley Field Malone, Secretary of Labor Wilson and Secretary of War Baker are among others assigned to lead the "drive."

HELD ON MEXICAN SIDE.

Report That Four American Soldiers Have Been Arrested.

El Paso, Tex., Oct. 23.—A report was received by army officers at El Paso Saturday that four American soldiers were under arrest on the Mexican side of the border near Juarez. Gen. Francisco Gonzalez, commanding the Mexican troops in the north, has been asked to investigate the report. It is believed the men crossed the international boundary at some point below Juarez and are being held by the Carranza river guards.

When Colgate defeated the University of Illinois a week ago Saturday, it was the first game that the Illinois team had lost in three years.

UPSETS MANY IN FOOTBALL.
Dartmouth Outplayed and Beaten by Georgetown Saturday.
Strange things happened on the gridiron Saturday. Syracuse and Dartmouth, the teams who are soon to play in West Springfield, Mass., were both set back. Dartmouth was outplayed and beaten by Georgetown, Syracuse was bowled over by Pittsburg. Both the orange and the green were favorites before their games. Lehigh, another favorite, lost to Lebanon Valley. Springfield was too much for the weak Amherst team, and Brown for Williams. Harvard showed strength and raggedness in its scrimmage with the "Aggies."

Pennsylvania's victory over Penn State was unlooked for. The Quakers surprised themselves. Princeton mugged up Lafayette. Union got away with Columbia and Tufts with Boston college. The results:
At Springfield, Mass.—Springfield 20, Amherst 0.
At Haverhill, Mass.—Georgetown 10, Dartmouth 0.
At Cambridge, Mass.—Harvard 47, "Aggies" 0.
At Williamstown, Mass.—Brown 20, Williams 0.
At Syracuse, N. Y.—Pittsburg 30, Syracuse 0.
At New York—Wesleyan 14, New York university 0.
At Ithaca, N. Y.—Cornell 19, Bucknell 0.
At Philadelphia—Pennsylvania 15, Penn State 0.
At Princeton, N. J.—Princeton 33, Lafayette 0.
At Medford, Mass.—Tufts 15, Boston college 0.
At Hamilton, N. Y.—Colgate 33, Rhode Island 0.
At Annapolis, Md.—Navy 12, West Virginia 7.
At West Point, N. Y.—Army 53, Trinity 0.
At New York—Union 3, Columbia 0.
At Lewiston, Me.—Bates 4, Maine 0.
At Brunswick, Me.—Colby 14, Bowdoin 7.
At Durham, N. H.—New Hampshire 14, Norwich 6.
At Burlington, Vt.—Vermont 21, Connecticut "Aggies" 10.
At Middlebury—Middlebury Seconds 13, Goddard 6.

General Sporting Notes.

Followers of Harvard track and field athletics are pretty well satisfied as to the showing of a few of the athletes, who took part in the annual fall handicap meet on the stadium track Friday afternoon. Considering the short time that most of the men have been training, they did some remarkable work. The two mile run was the feature of the meet. It was won by J. D. Hutchinson, '19, who with a 30 yard handicap defeated A. R. Baneroff, '17, scratch, by eight feet. The 888-yard race caused much excitement when P. E. Stevenson, '20, with a 20-yard handicap barely defeated F. T. Donahue, '18. In the mile run, J. Cogswell, '18, ran a good race, passing two men on the last stretch.

Saturday was probably the first time in the history of Yale university that a football game was not scheduled to be played in the middle of the season.

A year ago Harvard won from the Massachusetts Agricultural college by a score of 7 to 0. This year they were not satisfied until they had made the count 47.

For violation of the national commission's baseball rule forbidding players to participate in exhibition games after the league season is finished, there are many players in the National and American leagues, and especially the members of the Red Sox team, who went on the barnstorming trip a week ago Sunday, who will be fined. The emblems usually presented to the champions of the world will not be given to members of the Red Sox, who were playing the game at New Haven or any other game since the world's series was over. President J. J. Lannin said in a letter to the commission that he did not give permission to his men to play ball and that they simply went ahead and defied the rule.

Howard Drew's transfer from the University of Southern California to Drake university, Des Moines, Ia., could not have been for athletic reasons, for there must be considerable doubt whether or not he will ever be able to compete in

track athletics again. Doubtless he had a better opportunity to work his way through college in pursuit of an education in law. It is gratifying to learn that he has recovered from the stroke of paralysis with which he was stricken last August, soon after his defeat by Henry Williams at San Diego.

Fred Wilson, 26, an amateur football player in Minneapolis, Minn., was accidentally hit in the head while playing a game in Minneapolis and died from the shock yesterday morning, not gaining consciousness after the accident.

"Bill" Donovan has signed another contract to manage the Yankees. The contract is for one year only. Donovan has had charge of the New York American league team during the past two years and has done well with them. He landed them in fifth place last season and in fourth place this season. It was no fault of his that they were not higher up, and if there had been fewer men injured, without doubt they would have finished the season with a better percentage.

Captain Black of the Yale football team is said to have such a bad knee that he will be unable to play.

JAPANESE UNIONS FORMED.

Claim that 30,000 Will Enroll on Pacific Coast Within Year.

San Francisco, Oct. 23.—First steps in an attempt to solve the Japanese labor problem on the Pacific coast have been taken, it was announced Saturday, with the formation of nine Japanese labor unions to affiliate in a separate Japanese labor council. It was announced that the movement would be extended throughout California, Oregon and Washington. The action follows suggestions made recently by Samuel Gompers, president of the American Federation of Labor, in a letter to San Francisco labor leaders. R. Suzuki, president of the laborers' friendly society of Japan, who fathered organization of the Japanese, said he would have 30,000 Japanese workmen in California members of such unions within a year.

Lakes with No Outlet.

A playa is a shallow, flat-floored depression, characteristic of valleys having no regular drainage to the sea, in which storm waters collect and evaporate. It may be a shallow lake or a salt-incrusted mud flat.

In his description of the ancient Lake Lahontan in Nevada, I. C. Russell writes: "The scenery on the larger playas is peculiar and is usually desolate in the extreme but is not without its charm. In crossing these wastes the traveler may ride for miles over a perfectly level floor, with an unbroken skyline before him and not an object in sight to cast a shadow on the ocean-like expanse. Mirages, which may be seen almost every

day on these heated deserts, give strange fanciful forms to the mountains and sometimes transfigure them beyond recognition. A pack train crossing the desert a few miles distant may appear like some strange caravan of grotesque beasts fording a shallow lake, the shores of which advance as one rides away. The monotony of midday on the desert is thus broken by elusive forms that are ever changing and suggest a thousand fancies which divert the attention from the fatigues of the journey. The cool evenings and mornings in these arid regions, when the purple shadows of distant mountains are thrown across the plain, have a charm that is unknown beneath more humid skies, and the profound stillness of the night in these solitudes is always impressive."—U. S. Geological Survey, department of the interior.

FATIMA

A Sensible Cigarette

More men are now smoking SENSIBLY—

MEN ARE willing to think a little more carefully today even about the cigarette they choose.

That is good sense. For if an otherwise good cigarette is unfortunate in its blend—if it disturbs after continued smoking—it is not worth while.

The one reason why Fatimas appeal strongly to so many thinking men is that they do not disturb. Fatimas are truly comfortable—comfortable to throat as well as tongue. And they always leave a man feeling fine and "fit" even after a long-smoking day.
